Global Execution Services

We help you tap into liquidity

Beyond your country's borders, there's a wide-open world of untapped liquidity and opportunity. Unfortunately, it comes with unfamiliar regulations, market fragmentation and trading idiosyncrasies. In the complex global marketplace, investors seeking global diversity often spend too much seeking liquidity in the wrong places. How do you preserve alpha in unfamiliar, foreign domains? ITG can help.

NAVIGATE GLOBAL WATERS WITH AN EXPERIENCED PARTNER

Since 1987, we have combined trading expertise and technological innovation with a deep understanding of local markets to help you trade more effectively. ITG offers technologies and insights to help you make informed strategic decisions and preserve alpha.

ESTABLISH A GLOBAL PRESENCE WITH FULL MARKET ACCESS

From sophisticated algorithmic trading to trades requiring personal oversight, trust ITG as your global broker. With offices in North America, Europe and Asia Pacific and with deep local relationships, we provide you with trading access to over 50 countries.

LOW-TOUCH TECHNOLOGIES, HIGH-TOUCH SERVICE

Use our award-winning tools directly or consult with the experts on our trading desks, who will use them to optimize trades on your behalf. Ask us for insights on the marketplace in which you'd like to participate to take advantage of our local knowledge and technology support.

TRADE THE WORLD WITH CONFIDENCE

Because we're an independent broker, our only motivation is to support your success at every step of the transaction process. As a broker-neutral partner, you can trust we are committed to helping you achieve best execution.

FIND LIQUIDITY BEFORE IT HITS THE OPEN MARKET

ITG's POSIT® suite aggregates off-exchange liquidity and can provide natural block crossing. You can also leverage our tools for direct market access (DMA) and electronic trading, and smart routing to maximize liquidity in both dark and lit venues while minimizing market impact. [See the reverse side for information on regional availability.]
